

## The Antique Outboard Motor Club Inc.

### **ABOUT THE CLUB:**

Outboard motors have been manufactured for over 100 years. Therefore, it is no surprise that a number of people are interested in collecting them. From some 200 members in the 1960s, our membership has grown to over 3,000 in 10 countries.

You're not the only one interested in old outboard motors. There're lots of people of all ages that enjoy sharing the rewarding experiences offered by the non-profit Antique Outboard Motor Club, Inc.

Your membership in AOMCI will provide you with a rich mixture of personal associations and accomplishments. You'll meet interesting new people, make new friends by joining a chapter of the Club in your area or by corresponding with other members, and realize a great deal of satisfaction and pride from participating in displays, shows and Club Meets.

Many members collect and restore motors, however it is not a requirement to own or restore an outboard of "Antique" status. Many just want help getting, or keeping, their own old outboard running; others just share an interest in old outboards.

### **MAKE IT GO!**

You'll be able to take a battered, worn, and grease covered old outboard and enjoy the fun and satisfaction of putting life into it.

Those hard to find motors, parts, owner's manuals and instruction books are

available to you through the Club resources. Membership in AOMCI will make you eligible to receive a "Parts Sources Manual for Antique Outboard Motors". A special parts availability group is ready to provide assistance in finding parts.

### **YOU'LL BE OFF AND RUNNING!**

As a member you'll receive the Club emblem, a membership card, use of the extensive library, copies of the magazine and newsletter, a membership directory, and the opportunity to register your motors as antiques.

### **"THE ANTIQUE OUTBOARDER"**

You'll get coverage on all outboarding subjects in the quarterly Club magazine - history, restoration, technical reports, antique outboard racing, special features, chapter news and a classified advertising section where members can buy, sell or trade motors, parts and literature. You'll also get the monthly Club Newsletter with all the latest information upcoming events and member classified ads.

### **CLUB WEBSITE:**

Of course, there's is [www.aomci.org](http://www.aomci.org). In addition to the public site, we maintain a very active Members Only section which contains an ever growing reference library to help you maintain and restore that favourite piece; hundreds and hundreds of pictures of the big meets; a very active Members discussion board that is open to all members to speak their piece, ask and answer other Member's questions, have a little fun, etc.; a private chat-room for members to communicate in real time; and several other interesting, educational and fun features.

## MAPLE LEAF CHAPTER

Canada, and Ontario in particular, wasn't just some minor marketing backwater for outboards. The large number of lakes and popularity of camps, cabins and cottages created a demand that justified the major manufacturers, including OMC (Johnson and Evinrude), Mercury, Chrysler, and McCulloch, to set up manufacturing plants in Ontario.

Not surprisingly, the popularity of outboards here has resulted in the Maple Leaf Chapter being one of the larger chapters, having over 200 members. While members hail from all across Canada, and even the USA, most members and events are located in southern Ontario.

We have meets throughout the year, in: January, April, May, September, and October. At these meets, we buy, sell, trade, and run old outboards and sometimes put on technical workshops. The chapter also puts on a number of displays at various shows where the public can view our motors, reminisce and ask questions. In addition, many members get together to organize their own events. Members are also a great source for parts, paint, decals, and information that are otherwise sometimes hard to come by.

If you are interested in finding out more information, check out our website: [www.mapleleafchapter.org](http://www.mapleleafchapter.org), or call one of our chapter officers. To join the club, fill out and submit the membership application form.

## Maple Leaf Chapter Officers and Contacts

**Glenn Weigel**, President,  
[gmweigel@rogers.com](mailto:gmweigel@rogers.com),  
905-725-9467, Oshawa ON
